<p><b>7.</b></p>	<p><b>Chairman's correspondence since the last meeting 15<sup>th</sup> September</b> The Chairman had circulated copies of her correspondence undertaken since the last meeting of the committee. <i>Easton Hastings Road Safety:</i> The committee considered road collision data for the last 5 years in addition to the results of a survey which OCC had carried out in September and October this year. On the basis of this data, OCC had advised that there would be no justification to lower the speed limit to 40 mph although it could be possible to lower the speed limit to 50 mph. Funding for this would need to be identified, either through Section 106 or third party (cost £2600 consultation/advert fee together with the cost of the sign and posts). Keith Stenning agreed to (a) look into the cost of putting up signage stating "Concealed Entrances";</p>	<p>KS</p>

	<p>(b) to draw up, for circulation to the committee, a statement showing all the costs and arguments in respect of lowering the speed limits to either 50 mph or 40 mph.</p> <p>As the National Trust owned virtually all the properties in the area under discussion and as it had already carried out a similar exercise in Coleshill where the speed limit had been reduced, the Chairman agreed to contact the Trust with a view to it being involved in funding a similar exercise in Eaton Hastings.</p> <p>The Chairman stated she would communicate the committee's discussions from this meeting to the local resident who had initially raised the issue of road safety.</p>	<p>KS</p> <p>JH</p> <p>JH</p>

Keith replied that it was OCC's responsibility although it was looking at providing the parish council, in this instance, with the authority to act on OCC's behalf.</p> <p>Keith also wished to highlight the hard work that OCC had carried out in the region in keeping as many roads as possible open during the recent bad weather. In response to a query regarding salting "B" roads, Keith advised that should any member of public wish to ask for a particular road to be considered as part of the salting programme a request should be forwarded to FixMyStreet <a href="https://fixmystreet.oxfordshire.gov.uk/">https://fixmystreet.oxfordshire.gov.uk/</a></p>
